

Plant materials available from The Salish Seeds Project for 2020

The Salish Seeds Project is restoring native wildflowers and grasses in the San Juan Islands. Plants and seeds of species native to island grasslands, oak savannahs, and prairies are produced at a nursery located at Red Mill Farm in San Juan Valley. The San Juan Preservation Trust owns the property and the San Juan County Land Bank runs the nursery.

Most of the species grown are difficult to obtain commercially, particularly stock that's native to the Salish Sea region. Many are quite showy and are great for native pollinators.

The Salish Seeds Project can grow plants for anyone by advance order. Prices are set to reimburse production costs. **Contact nursery manager Eliza Habegger (360-378-4402 or elizah@sjclandbank.org) for more information, to place an order, or for assistance in planning your project.**

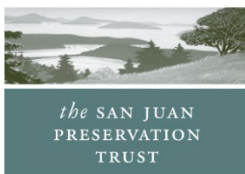

SEED: While much of the seed produced by the Salish Seeds Project is dedicated to Land Bank habitat restoration projects, some surplus is usually available for sale. Advance orders may also be possible. Contact Eliza for current seed availability and prices.

PLANTS: Most plants are grown as plugs or in 4" pots. Bulbs of some species are available. Plants are typically grown for fall outplanting, but in many cases can be provided in summer or other seasons if desired.

Please bear in mind that some of our native species require fall sowing in order for germination to occur, which can mean planning for your project well in advance.

Photos, left to right: *Sisyrrinchium idahoense* 4" pot; sea blush seed production; *Cerastium arvense* plug.

Species list and prices for 2020 orders

Orders for species with an asterisk should be placed by October 31, 2019 for delivery in summer or fall 2020. Other species can be ordered by March 31, 2020. Note minimum order quantities.

Scientific name	Common name	Plug (min. 25)	4"pot (min. 18)	Bulb (min. 25)
<i>Achillea millefolium</i>	yarrow	0.80	3.50	----
<i>Agoseris grandiflora</i>	agoseris	0.90	3.50	----
<i>Allium acuminatum</i> **	Hooker's onion	----	----	.50
<i>Allium cernuum</i> *	nodding onion	1.10	3.50	----
<i>Anaphalis margaritacea</i>	pearly everlasting	0.90	3.50	----
<i>Aquilegia formosa</i> *	western columbine	1.10	3.50	----
<i>Camassia leichtlinii</i> **	Great camas	----	3.50	1.00 -1.50
<i>Castilleja hispida</i> *	rough paintbrush	1.20	3.50	----
<i>Castilleja levisecta</i> *	golden paintbrush	1.20	----	----
<i>Cerastium arvense</i>	field chickweed	0.80	3.50	----
<i>Dodecatheon hendersonii</i> *	Henderson's shooting star	1.50	4.10	----
<i>Elymus glaucus</i>	blue wild-rye	0.80	3.50	----
<i>Eriophyllum lanatum</i> *	wooly sunflower	0.90	3.50	----
<i>Festuca roemerii</i>	Roemer's fescue	0.90	3.50	----
<i>Festuca rubra</i>	red fescue	0.90	3.50	----
<i>Grindelia integrifolia</i>	Puget Sound gumweed	0.80	3.50	----
<i>Lithophragma parviflora</i> *	prairie star	1.10	----	----
<i>Lomatium nudicaule</i> *	barestem lomatium	1.10	3.50	----
<i>Lomatium utriculatum</i>	spring gold	0.90	3.50	----
<i>Quercus garryana</i> +	Garry oak	----	4.80	----
<i>Luzula comosa</i>	field woodrush	0.90	3.50	----
<i>Perideridia gairdneri</i> *	Yampah	1.10	3.50	----
<i>Prunella vulgaris</i>	self-heal	0.90	3.50	----
<i>Ranunculus occidentalis</i>	western buttercup	0.90	3.50	----
<i>Sanicula bipinnatifida</i> *	purple sanicle	0.90	3.50	----
<i>Sanicula crassicaulis</i> *	Pacific sanicle	0.90	3.50	----
<i>Saxifraga integrifolia</i> *	prairie saxifrage	1.10	3.50	----
<i>Shepherdia canadensis</i>	soopalallie or buffalo berry	1.10	3.50	----
<i>Sidalcea hendersonii</i> *	Henderson's checkermallow	1.10	3.50	----
<i>Sisyrinchium idahoense</i> *	blue eyed grass	1.10	3.50	----
<i>Solidago canadensis</i>	Canada goldenrod	0.90	3.50	----
<i>Symphiotrichum subspicatum</i>	Douglas aster	0.80	3.50	----
<i>Toxicoscordion venenosus</i> **	death camas	----	----	1.00 -1.50
<i>Viola adunca</i> *	spring bank violet	1.20	3.50	----

* indicates species that need to be advance ordered by October 31, 2019.

** Limited availability. Bulbs are graded and priced by size.

+ Garry oaks are 2 years old and are grown in pots 4" wide and 14" deep.
