 Land Bank Preserve

 Trails

 Parking

Quiet, 400-acre **Lopez Hill** supports an expanse of mature conifer forest, as well as seasonal wetlands and rocky meadow openings. Over four miles of trail are open to pedestrians, equestrians, and mountain bikers. Limited deer hunting is also permitted; hunters must contact the Land Bank for current regulations. There is parking for 4 vehicles. Originally owned by the Washington State Department of Natural Resources, the Land Bank negotiated a 50-year lease in 2009 to manage the property for its ecological and recreational values. In 2018, the Land Bank purchased the property outright. The local group Friends of Lopez Hill (www.lopezhill.org) built and maintains trails on the property, and was also instrumental in securing the Land Bank lease. A detailed trail map is available from Friends of Lopez Hill.
