

salish seeds project

Seed available from the Salish Seeds Project

The Salish Seeds Project sells bulk seed of San Juan County native wildflower species. To make a purchase, contact Eliza Habegger at the San Juan County Land Bank (elizah@sjclandbank.org; 360-370-7653) with a list of species and quantities desired. Minimum purchase quantity is 1 gram. **Please note that an additional \$5 per species processing fee applies to each species purchased, except for the Wildflower Meadow Mix (available 2024 through our Fall Native Wildflower Sale).** We can also produce mass quantities of single-species packets or mixes by special request.

species	common name	approx . seeds per gram	price per gram	grams available (updated January 12, 2024)
