

How to order plants from the Salish Seeds Project

The Salish Seeds Project grows and sells plants native to San Juan County grasslands, oak savannahs, and meadows. There are two ways to order plants:

1. **Native Plant Sale Events.** Our annual Fall Native Wildflower Sale in September/October features wildflowers and grasses in 4" pots, bulbs, and seed packets. Ordering is online with in-person pick-up on multiple islands. There are no minimum purchase quantities.
2. **Special Orders: Starting April 1, 2026, all new special orders are on hold while we reevaluate pricing, ordering process, and inventory. Thank you for your patience. We anticipate having updated special ordering information posted by June 1, 2026.**

If you'd like to get on our email list to receive notification of plant sale events, surplus plants, and volunteer opportunities, contact Tanja Williamson at 360.370.7655 email tanjaw@sjclandbank.org.
